

June BusNuts Newsletter Addendum

St. Helens Rally – Our first rally of the year was May 8 – 11 in St. Helens at the Elks Club. Attendees were Mike & Pat Alonzo, Teresa Bledsoe & Jim Dale, Douglas Brown & Debra Katter, Jeanne & Dick Wright, Sharon & John Shierman and Patty Harper. Al Roeske planned on attending but a medical situation the day prior kept him from attending.

The Elks have a 12 unit RV park with full hookups. Nine of them have 50A and 3 have 30A. The clubhouse is delightful, being situated with views of the Columbia River. Their restaurant is open 7 days per week, with lunch and dinner Monday – Saturday and brunch on Sunday. The food and service was excellent. The club members treated us like royalty. They now have on-line reservations, which is something new.

On Saturday evening we had dinner at the Klondike down near the waterfront in St. Helens. It is a long-established restaurant the was closed for a couple of years. The new owners have really brought it back to life and the food was stunning.

As most of our members are Elks, it worked out well and I would highly recommend if any of our members are heading that direction and need a place to stay, it is great. \$30.00 per night.

IN MEMORIUM

John and Theresa Nogueira have been members for about two years. They had not yet been able to attend a rally as they spend a lot of time on the road. Indio in the winter, a place in Sunriver, and travel with their Marathon. John recently told me they intended to come to a couple of our rallies this summer. It is with incredible sadness that I report that Theresa unexpectedly and suddenly passed away on May 21. They had just returned from a trip to The Netherlands to see their daughter and were at their Sunriver home. Theresa woke up not feeling well and suddenly passed away shortly thereafter. It is believed that she had an embolism related to the long plane travel. She was only 71 years old. I met them at Marathon, and later they came to Debra and my home when John helped me with a headlight issue. Theresa and Debra visited while we were doing that. Both were extremely delightful people. Our club will be sending condolences to John.
